All Kinds of Job-Work done to Compete with San Francisco in Price, Style, and Elegance of Workmanship.

Everybody is wondering why the BAZAAR is selling their goods so cheap. The reason is they must clear out their Spring and Summer goods to make room for the immense stock of Fall and Winter goods which they will soon receive.

The BAZAAR is now giving 12 yards Best American Prints for $1. Also, six yards 4-4 French and American prints for $1. At the corner of Main and Requena streets, opposite the U. S. Hotel.

CITY AND COUNTY OFFICIAL PAPER.

TUESDAY.....DEC. 8, 1874.

THE Stockton *Leader*—LAURA DE FORCE GORDON'S paper—which by the way, is the only real live paper in Stockton, has been enlarged and otherwise improved. We are pleased to note this evidence of the *Leader's* prosperity and hope it will continue to grow and prosper until its dimensions exceed those of a blanket and its finances enable Mrs. GORDON to establish a large bank.

THE election yesterday passed off quietly. There were one or two small skirmishes with fists but they lasted only a moment and were promptly quelled. The saloons were all closed, and only those familiar with the backways and byways could obtain a drink for love or money. The excitement was intense and the streets were crowded from the opening of the polls in the morning until a vote could no longer be made useful. The main fight was on the Mayor and the next important struggle was for Marshal. Both sides worked steadily all day. We do not think a great deal of money was used, and what was spent was invested prior to the day of election. The law was generally observed and the election as orderly as could be desired.

After the Battle.

The struggle is over and the people are the victors. Probably a more exciting election has never transpired in any city of California than that which took place in Los Angeles yesterday. The campaign has been bitter and acrimonious. The whole struggle was for the Mayor. Of the four candidates—BEAUDRY, SACRISTE, TIFFANY and SABICHI—the first named was the only one who might be regarded as the friend of the people. Major SACRISTE though a worthy gentleman and highly respected, did not enter the campaign until too late to secure the support of any but his personal friends. Both TIFFANY and SABICHI were recognized as the candidates of the exclusive franchise corporations who have by their exactions become both oppressive and obnoxious to the citizens. Mr. BEAUDRY is a man of the people and from the opening of the campaign it was apparent to all discerning men that he would be elected unless unusual and unfair means were used to defeat him. As the battle grew warm the most dishonorable and disgraceful as well as totally unfounded charges were made against him by both the *Star* and *Express;* but as these libels and slanders appeared they were promptly nailed by the HERALD, which is generally read by the English speaking portion of our population, and by the *Cronica,* which is the able organ of the Spanish speaking population. No man was ever more falsely or maliciously slandered than Mr. BEAUDRY by the *Express,* but the people have manifested their contempt for that venal and disreputable sheet and their confidence in and esteem for him by electing him Mayor by a majority which may exceed and certainly will not fall far below 400. The HERALD has made a strong fight for what it believed to be for the best interest of the people. It made this fight against the combination of capital and the old schemers who have controlled the city for the last twenty years and it is proud of its victory. The people of Los Angeles will now manage their own municipal affairs for a time at least. *Vale the ring!*

Organizations, Unions and Rings.

Organization and union, in the good old days of patriotism, meant strength and safety; but the latest edition of dictionaries gives a definition which reverses the old style. Organization now means monopoly, and monopoly means oppression, and oppression means slavery, and slavery means the degredation and ruin of all its subjects. There are in existence organizations of ancient mould which have passed over the hills of thirty centuries, now venerated for their antiquity and loved for the wisdom they impart and sustained by their own inherent strength. Like the Egyptian pyramids, they stand as monuments of the grandeur and nobleness of ancient races. The peculiar strength of ancient organizations lay in their negative qualities—non-interference with your duty to God, to your neighbor or yourself. With these negative qualities an organization can be made strong and useful; but it is a peculiarity of all modern organizations to bind men and undermine their liberties. The trades union, art union, labor union—in fact, all the rings and companies formed during the last quarter of a century are formed upon the principle of selfishness; and we here take the ground boldly that all selfish organizations are a curse to their members and a curse to the country at large.

Shameful Outrage.

A gentleman recently arrived in San Francisco from Kern county, G. W. Furness, relates the following dreadful story:

About six months ago a man named William Payton, from Illinois, with his wife, a fine-looking woman, and a boy, settled upon a Government tract in Kern county, about twenty-five miles west of Sumner, the present terminus of the railroad running toward the Panamint country, and about five miles off the line of the road. Last Friday morning, Payton, with his boy, took his team and went to a place about five miles distant from his residence, leaving his wife at home. On his return in the evening his wife was missing. The nearest neighbor was nearly a mile from his residence, but Payton sounded the alarm as soon as possible, and search was immediately commenced for the missing wife and mother. On Sunday afternoon she was discovered in almost a dying condition in a ravine about six miles from her residence, and from her was learned the horrible story of her sufferings. About an hour after her husband left home on Friday, five Mexicans or Californians rode up to the house and asked for a drink of water, and as Mrs. Payton entered the house to procure it two of the Mexicans dismounted. When she returned she was suddenly seized and bound hand and foot, placed on the horse of one of the parties. The whole party then dashed off at full speed making for a ravine in the foot hills some miles distant. After about three hours ride, the party arrived at a place which gave indications of being an old camp, and where there was some extra horses and a quantity of provisions. Here the party dismounted and commenced a hellish ogre, which continued until Sunday morning. The narrative of the sufferings of the helpless woman, who had been dragged from home to gratify the unnatural lust of these demons, cannot be described, and the wildest imagination cannot conceive of a more awful crime than was there enacted. Not once, merely, but repeatedly did each one of these fiends in human form subject their weak, struggling victim to a nameless outrage, and in addition she was beaten with their fists and lashed with their riding whips, until the blood flowed down her body.

At an early hour on Sunday morning the scoundrels broke camp, and heading the poor woman down the ravine upon which they had been located, gave her several "cuts" with switches, started her off in one direction, they riding off in another. For several hours she wandered blindly, staggering and stubling along, until at last, almost famished for want of food, and nearly dead from the injuries she had received, she fell in a faint at the point where her husband discovered her in the afternoon. The poor woman was taken to the nearest residence and received all the care and attention possible, but on Monday morning, when Furness last saw her, it was very doubtful whether she could survive the injuries she had received. The country in which this unparalelled outrage was perpetrated is sparsly settled, but all of the available forces of the region were soon afield in search of the perpetrators of the crime. The roughness of the region and the small mass of the pursuing force are such, however, that but little hopes are entertained of capturing them.

Pacific Coast Items.

Seven buildings are already up in Lompoc.

A match factory has been started in Truckee.

The reported rain fall this season thus far at Pine Flat, is twenty inches.

Seventeen marriage licenses were recorded last month in Santa Clara county.

The salaries of the teachers of the State Normal School amount to 1,300 per month.

The St. John quicksilver mine at Napa made a shipment of eighty flasks on Tuesday.

The citizens of Petaluma have already taken $150,000 worth of stock in the Sonoma and Marin Railroad.

The rainfall in Marysville up to this time has been only 5.26 inches, but enough for agricultural purposes.

W. H. Davidson, who was shot by Joseph Randolph at Sherman Island, on Tuesday, died on the following day.

About fifty of the employes in the Department of Yards and Docks, at Mare Island, were suspended Sunday evening.

On Monday morning last a man named J. V. Abell was shot and slightly wounded in two places by Mrs. Jennie Camp at Truckee.

The citizens of Inyo and San Bernardino counties have been invited to subscribe in aid to a narrow-gauge railroad to Cerro Gordo.

Rev. Dr. Jacobus of Alleghany City, Pennsylvania, is visiting Santa Barbara for the purpose of recruiting his health.

The San Diego *Union* estimates that by the close of the season the shipments of honey from that county will reach 500,000 pounds. Of comb-honey, 350,000 pounds have now been shipped.

D. O. Hunt of St. Helena, has just bought from Henry McCormick of the same place, a tract of about 1,000 acres of land—principally grazing—in the hills west of town. The price paid was $5,000.

The committee of the Grangers who have been examining for the best points on the Straits of Carquinez for the erection of warehouses, have, according to the Vallejo *Chronicle,* selected South Vallejo as the site for the northern side of the straits.

This is what the Vallejo *Chronicle* has to say about the late races: "The millenial era of honest horse-racing does not appear to have yet dawned. For days before the race there was a casting of shadows before, a murmur of events to come, 'as travelers hear the billows roll before they reach the sea.' The result was as predicted, to a letter."

A Man Drowned.

SACRAMENTO, December 4th.—This evening, shortly after dark, the body of an unknown man was found in the river just below the city limits. It is probable that the man was drowned several days ago, as the body has become too much disfigured for identification. An inquest will be held to-morrow.

You can't name anything in the smoker's line which Cohen & Davis do not keep at the Identical, No. 38, Main street. Their stock is of the best quality and their prices down to bed-rock.

Venison and antelope are now quite plentiful in the Reno markets. The venison comes from the foot hills on the eastern slope of the Sierras—about the head of Sierra and Long valleys—while the antelope are brought from the regions bordering the Rocky Mountains.

Colorado and New Mexico to be Admitted.

NEW YORK, December 5th.—Washington dispatches foreshadow early a favorable action on the House bills for the admission of Colorado and New Mexico, with the object of adding four Republican Senators and two Congressmen to the present bodies.

The Pacific Mail Flare-up.

NEW YORK, December 5th.—The Pacific Mail discussion continues to be the sensation in Wall street, and interviews with both Rufus Hatch and Russell Sage are published, each accusing the other of wilful lying and of being concerned in short speculations and using their official positions to further their speculation plans. In regard to the San Francisco overdraft, Rufus Hatch said to a *Times* reporter that it amounted, November 1st, to $87,000, but has since been considerably reduced, and was caused by heavy purchases of coal. To the same reporter a paragraph on the forthcoming statement of the company's affairs was exhibited, showing that the receipts from freight alone, September, October, November, of the present year amounted to $675,000, against $800,000 the same time last year. Messrs. Guion, Alexander and Talcott, the committee who examined the affairs of the company in September last, publish a card affirming that the report then rendered is correct in every particular, except as to taxes, which were then reported to be in dispute—the company admitting an indebtedness of $43,000, while the courts have since rendered judgment for $132,000, which has been paid.

Statement of Rufus Hatch.

NEW YORK, December 5th.—Rufus Hatch has published a statement relative to the recent allegations of Mr. Sage in regard to the cause of his (Mr. Sage's) resigning the Presidency of the Pacific Mail Steamship Company. Mr. Hatch states that an investigation has disclosed the fact that recent reports detrimental to the company originated with the President, and that it was in consequence of this that Sage was obliged to resign. His resignation had, says Hatch, been asked for by the Board previous to the investigation, but he had refused to tender it. The statement also denies all the allegations of Sage relative to the condition of the company. Hatch adds: "In regard to all the statements that have been made, from whatever source, in regard to the business of the company, I would say that the company is in a more prosperous condition than for several years past." A full statement of the affairs of the company is being prepared and will be submitted to the stockholders in a few days.

Presidency of the Senate.

CHICAGO, December 5th.—A Washington special, speaking of Vice-President Wilson's presence at the Capital says that he does not intend to preside during the session, which will necessitate a new election for President pro tem., as Carpenter's tenure of office expires as soon as the Vice-President takes the chair. It is said that there is a determination on the part of the Senate to re-elect Carpenter.

Better days for South Carolina Promised.

South Carolina advices say that the inaugural of Governor Chamberlain promises all that the Conservatives could ask, and it is believed that if the Legislature carries out its recommendations, better days are in store for that State.

Loss of the Steamer Tenino.

PORTLAND (Oregon), December 4th.—The steamer Tenino struck a sunken rock at Devil's Bend, near Umatilla, on Tuesday, and sunk. The passengers and freight were transferred to the steamer Owyhee.

The President's Message.

WASHINGTON, December 6th.—The President's Message was submitted to the Cabinet and endorsed on Friday. It states that our relations with foreign powers are friendly, but that we have unsettled questions with Venezuela and Spain. It hints at the necessity of interference in Cuban affairs, and favors a return to specie payments at an early day, but names no time. It devotes much space to Arkansas and Louisiana affairs. It makes no specific recommendation, but desires Congress to give the matter attention. It endorses the Indian peace policy and the Civil Service Reforms, but considers the support of Congress essential to the carrying out of the latter. It does not allude to Utah matters. It recommends the establishment of a court for the ajudication of claims of aliens against any Government, and invites legislation on the subject of Chinese immigration.

Bill for the Southern Pacific Railroad.

WASHINGTON, December 6th.—To-morrow, or soon after, Houghton, of California, will introduce a bill to aid the construction of the Southern Pacific Railroad, prepared by parties interested. The Government is to guarantee interest on bonds to the amount of fifty thousand dollars per mile.

The Pacific Mail.

NEW YORK, December 5th.—Rufus Hatch is not thought to have sold the Pacific Mail stock short. Sage and Osborne are the principal sinners. It is thought that Sage must resign the Presidency of the Panama Railroad, as well as the Pacific Mail Company. No combination has been made between the steamers and overland railroad.

In Favor of the Safe Robbers—Appraiser's Stores.

WASHINGTON, December 5th.—The District Judges to-day decided that the Grand Jury which indicted the safe burglars was illegally chosen and all indictments null.

It has been ordered to advertise for proposals in California for pressed brick and stone for the Appraiser's stores.

Locomotive Explosion.

COLUMBUS, Ohio, December 5th.—A locomotive exploded at Delaware, on the Columbus, Cincinnati and Indianapolis Railroad to-day, injuring Wm. Hutchings, engineer, and killing his son, the fireman.

Iron Mills Stopped.

PITTSBURG, December 5th.—On account of a disagreement in convention between the iron puddlers and manufacturers, all mills except two or three will suspend work Monday.

Mail Service.

WASHINGTON, December 6th.—The schedule time of mail service between Panamint, Lone Pine and Bakersfield has been shortened to two days.

Ship Carpenter's Strike.

LONDON, December 7th.—The ship-carpenters on the Clyde struck here against a decrease of wages.

The most extensive stock of gentlemen's furnishing goods, cigars, tobacco and smokers' articles in the city, is kept at the Identical, No. 38 Main street.

Utah News.

SALT LAKE, December 4th.—The District Court this morning overruled the motion to strike out the answer of the complaint in the cause of Loomis vs. U. P. R. R. The suit is for $25,000 damages for alleged injuries sustained by plaintiff in being put off the cars for playing three-card monte.

Arrangements are being perfected to connect the Portland, Dalles and Salt Lake Railroad with the Utah Northern on Snake river, instead of connecting with the Central Pacific. This will insure a continuous line of narrow gauge all the way from Portland to Ogden and eventually to the southern portion of Utah.

The Grand Jury to-day presented twelve indictments and adjourned *sine die.* The Court, in dismissing the jurors, complimented them upon their effieiency, saying that if mercy and leniency would not teach the people of Utah a lesson, the utmost severity and riger would be resorted to.

Several boys to-day accidentally discovered rich gold diggings 40 miles east of the city.

The Identical still continues its thriving trade. The reason for this is that all goods sold at the establishment prove just as they are represented.

From Idaho Territory.

SILVER CITY (Idaho), December 14th.—The Owyhee *Avalanche* to-day publishes the official canvass of the vote for Delegate to Congress from Idaho Territory, from which it appears that Thomas V. Bennett (Independent) has beaten S. S. Fenn (Democrat) by a majority of 390 votes. Bennett is the present Governor of Idaho, and by far the ablest Delegate ever selected in the Territory.

Wells, Fargo & Co.'s express box, which left Winnemucca, Nev., on the 28th of November, has failed to come to hand, having been lost or stolen somewhere on the road.

The Idaho Legislature convenes at Boise City next Monday. The Democrats have one majority in the Council, with about a stand-off in the House. The weather here for the past month has been one uninterrupted succession of rain and snow storms, but it is clear, warm and pleasant this morning.

The Nevada and Northern Telegraph extension to Fairview and Empire being completed it is in full blast. Work is being pushed on the South Mountain line, and it will probably reach the latter point in a week or ten days.

Rather than wear a collar that don't fit, or a neck-tie that looks "slouchy" throw the inferior article away and call on Cohen & Davis at the Identical where you will be supplied with the best in the market.

A Man Accidentally Kills Himself.

SAN FRANCISCO, December 6th.—At a late hour last night Patrick Gilleran, a native of Ireland, about 50 years of age, accidentally shot himself dead, near the corner of Eighteenth and Mariposa streets. He had just returned from a shooting picnic and in taking the gun from the wagon the hammer caught, discharging the contents of the gun into his right breast, killing him instantly. The relations of the deceased took charge of the body and removed it to his house near by, where it awaits the action of the Coroner.

Heavy Law Suit.

Richard B. Irwin, former agent of the Pacific Mail Steamship Company at San Francisco, has arrived to answer the company's suit against him for $720,000, which, he says he expended at the instance of the former management to secure the Government subsidy. Should he tell all he knows relative to that expenditure, a sensation is promised rivaling the Credit Mobilier.

The Result of the Election

Will show that it is the unanimous wish of the citizens to vote for the best man. LOCAL BREVITIES.

The steamer Orizaba sailed for San Francisco yesterday.

The Florence Kent Troupe hold forth at Merced Theatre to-night.

There is joy in the house of Mr. L. M. Holt over a son who put in his appearance last Sunday.

McDonald, the wife-murderer, who was sentenced to imprisonment for life, was started for San Quentin yesterday, by the Orizaba, in charge of Mr. Hodgkiss, Special Deputy Sheriff.

Mr. Seymour, at the Grange Store, has some beet sugar which is really a superior article and is sold at the lowest Grange prices. Call and examine it and you are sure to buy some on trial.

There will be a meeting of the Board of Directors of the Chamber of Commerce at 7:30 this evening at the office of Judge Sepulveda. It is called to make arrangements for the grand mass-meeting to be held here next Saturday. A full attendance is earnestly desired.

We learn that Mr. Nadeau is making preparations to put a branch line on the routes between Cerro Gordo and Panamint and the terminus of the Southern Pacific Railroad, this side of Bakersfield. There is a very large amount of freight for the interior coming that way, and it is likely Nadeau will remove to that line altogether whenever the railroad reaches the point where it will be commercially the cheapest route.

A large sign in blue and white was elevated over the Backman House last Saturday morning. The letters are in bold relief and can be read at the distance of a mile. Perry & Riley's block has thus been christened and we presume will hereafter bear the name standing over its cornice. We are glad to learn that the house is rapidly filling with boarders who seek it for the superior accommodations which in every way it offers.

We are under obligations to Mr. A. S. Addis for some fine stereoscopic views taken by him while out on his last trip. The views comprise scenes in Santa Barbara and Ventura and some picturesque landscapes in Matilaja Cañon, Ojai and Beauty Buttes. We have never seen the natural beauties of our State in mountain, cliff and cañon better portrayed than in these views. If Mr. Addis would turn his camera upon Los Angeles and surroundings and photograph some of the beautiful scenes to be found here he would give our city a better recommendation abroad than could be conveyed by columns of written recommendations.

Henry Katz, the messenger at the depot telegraph office, met with a serious accident day before yesterday, while out hunting. As he was passing through a brush fence the trigger of his gun caught and the piece was discharged, lodging its contents in the boy's left arm. The charge entered above the wrist and ranged toward the shoulder, lacerating the flesh badly. Several shot also struck another one of the party named Ed. Smith, scattering about one of his eyes, but fortunately missing that important organ. Katz was at once brought to the city and medical care secured for him. It is feared that amputation may be found necessary.

We learn that the stock in the Centinella Land Company is being taken as fast as it is thrown upon the market. One hundred shares of $1000 each were sold in San Francisco in one day and yesterday a telegram was received from Santa Barbara engaging 100 shares more. It is the intention of the company to keep the stock out of the hands of speculators as far as possible and to sell only to actual settlers. By this means farmers of small means will be enabled to reap a double benefit, securing their land at a reasonable price with the stock purchased and sharing the profits of the auction sale of land which will take place in January. Opportunities for investments of this kind are rare and settlers will not be slow to take advantage of them.

Merced Theatre.

A full house assembled at Merced Theatre last night to welcome the Florence Kent Troupe back to the city. The programme comprised "Robert Emmett—an Irish Drama," a stump speech by Chas. Thornton, and a laughable farce entitled "Turn Him Out." The plays were up to the standard usually sustained by the talented company and were fully appreciated by the audience. The promised fun was brought out with full effect in the last piece and it elicited rounds of laughter and applause. Miss Florence Kent made happy hits as the servant girl, and Mr. Balmour as the man who "put him out," did finely.

"Christmas Eve, or the Young Wife's Curse," will be brought out to-night. Miss Kent will assume the dual role of Lady Andry and Emily Lonsdale, supported by the full company. The performance will be concluded by the Irish comedy entitled "Paddy Miles' Boy." The bill is a good one and will doubtless draw a full house. Remember that the company will be with us only a few nights and an opportunity to hear them now neglected may not recur very speedily.

When it comes to a cigar that will afford you real satisfaction in smoking, it is to be bought of Cohen & Davis at the Identical, No. 38, Main street.

THE ELECTION.

What the People Have to Say About It—Beaudry Elected Mayor by a Triumphant Majority—Carrillo Our Probable Marshal—The People's Ticket Throughout Well Supported—Latest Reports up to the Hour of Our Going to Press.

The election yesterday passed off in the most orderly manner and, as it will be seen, with the most satisfactory results. Up to the hour of our going to press (1 o'clock this morning) full returns had not been made from the First and Second Wards, but enough was known to decide the result of the election beyond a doubt in all but one of the offices.

IN THE FIRST WARD.

Five hundred and forty votes were polled and our report closes with the counting of 465. The tally list then showed the following results:

For Mayor—Beaudry	302
Sabichi	92
Tiffany	40
Sacriste	31
For Marshal—Carrillo	265
Harris	114
Hartlee	109
For City Attorney—Hutton	225
Ellis	175
Gould	70
For City Treasurer—Mellus	235
Lips	150
Fleishman	60
Scattering	28
For City Assessor—Morris	355
Mappa	73
Harmon	50
For Councilmen—Campbell	400
Sotello	295
Mullaly	300
Carmona	290

(The rest of the candidates for Councilmen fell so far behind that no possibility of an election remained.)

For School Trustees—James	322
Kurtz	371

SECOND WARD.

In the Second Ward, 620 votes were polled and 435 had been counted when our reporter left the polls. The count was then as follows:

For Mayor—Beaudry	200
Sabichi	86
Tiffany	76
Sacriste	73
For Marshal—Harris	198
Hartlee	147
Carrillo	82
For City Attorney—Hutton	244
Gould	130
Ellis	70

For City Treasurer, Mellus had a majority of 30 over Fleishman—the next highest candidate.

For Assessor, Morris led the score with 250, having a decided majority over any competitor.

For Councilmen, Lichtenberger, Robinson, Teed and Mascarel lead the lists, with a prospect for ultimate majorities.

For School Trustees, James stood 250 and Kurtz 275—decidedly in the lead.

THIRD WARD.

The count was concluded in the Third Ward before 12 o'clock. The following are the full results:

For Mayor—Beaudry	187
Sabichi	107
Tiffany	51
Sacriste	48
For Marshal—Carrillo	156
Harris	132
Hartlee	105
For City Attorney—Hutton	195
Gould	103
Ellis	96
For City Treasurer—Mellus	111
Lips	103
Fleishman	97
Neidecken	63
J. L. Ward	19
For City Assessor—Morris	265
Mappa	112
Harmon	12
For Councilmen—Hnber	212
L. Woltskill	300
E. H. Workman	192
Thos. Leahy	183
J. M. Stewart	170
T. A. Garey	172
S. Haley	160
E. Doss	3
Wm. Osborn	47
Scattering	44
For School Trustees—Kurtz	236
James	195
Pridham	116
Dunsmoor	89
Smith	79
Hubbell	25

The total number of ballots polled was 393.

SUMMARY.

Beaudry's majority thus far over Sabichi stands: First Ward, 210; Second Ward, 114; Third Ward, 80; making a total majority of 404 votes. The final result may perhaps increase this number to 500.

The fight for Marshal was a very close one between Carrillo and Harris, and at the present writing it is impossible to tell which will have a majority, although the chances are greatly in Carrillo's favor. He will probably be declared elected by a majority over Harris of 25 to 50.

For City Attorney, Hutton has a popular majority in all three wards and is as good as elected.

Mellus, for City Treasurer, has a large majority in the First Ward, which will be increased by the final count, and he also leads the lists in all the other wards, so that his election may be considered assured.

For City Assessor, Morris will carry the city by a sweeping majority.

The Councilmen will be as follows: First Ward—Campbell, Sotello, Mullally and Carmona. Second Ward—Lichtenberger, Robinson, Teed and Mascarel. Third Ward—Huber, Wolfskill, Workman and Leahy.

Dr. Kurtz and Alfred James are elected School Trustees by round majorities.

The whole result of the election could not have been a more complete triumph of the people and a more thorough rebuke to the ring. It is the first overthrow of a clique which has heretofore been the power behind the throne in Los Angeles and which has boasted that it was "iron-clad"—beyond the reach of the people or the municipal authorities. The legislative and chief executive offices of the city are carried entirely beyond their grasp. Allowing final results as we have predicted them, the nominees of the People's Ticket will hold a balance of power in the Council.

It is glory enough for one day; we will rest on our arms and congratulate ourselves as the people of Los Angeles, with the true interests of the city at heart, that we have gained so complete a victory.

LATER.

The final report which has reached us subsequent to the writing of the above and after the conclusion of the count in the First and Second Wards, gives the following results:

Beaudry—Total majority in the city over Sabichi, 479; Carrillo—total majority in the city over Harris, 23.

TWO PICTURES.

Somebody's heart is gay;
And somebody's heart is sad;
For we remember, far, far away,
A door that with crape was clad—
Sadness and gladness alike
Are dwelling side by side—
Perhaps the death of an early one
And the crowning of a bride.

Bright eyes are filled with mirth—
Pale faces bend in prayer,
And hearts beside the household hearth
Are crushed by stout despair.
Ah! sorrow, and hope, and joy,
Are parted by thinnest walls,
But on the hearts of the thoughtless ones
No shadow of sorrow falls!

No thoughts of the funeral train
Come to the festive throng;
No hope that the past will come again
To the anguished hearts belong.
The future 's a sunny sea,
To the lovers of joy and mirth;
But the past alone, to those who weep
For the sundered ties of earth.

Somebody's heart is gay
And somebody's heart is sad;
For we remember far, far away,
A door that with crape was clad.
Sadness and gladness alike
Confront us on every side—
A wealth of smiles and a flood of tears
With hope and sorrow allied!

Brought to Light.

A few days since we published an item referring to some Masonic papers which were found among the effects of one Morrilla lately convicted of larceny in our County Court. The papers consisted of some memorandums tied up in a small package and a demit from a Masonic lodge in Scotland to Henry MacDowell bearing date of March 18th, 1868. The Anaheim *Gazette* quotes our item and adds the following bit of history to it:

The MacDowell referred to in the foregoing item was employed on the Los Angeles Rancho, in May, 1872. At his instance Morrilla was arrested for the larceny of a lot of papers. The papers, among which was a Masonic demit, were found in Morrilla's cabin by officers Davies and Byrd. After the preliminary trial of Morrilla in the Justice's Court, MacDowell got on a protracted spree, during which he visited Anaheim Landing, purchased a bottle of whisky, embarked in a light skiff belonging to Charley Smith, rowed over the bar, and was never heard of since. It was supposed at the time he had committe suicide during a fit of mental aberation, superinduced by his protracted debauch.

MR. J. A. JOHNSON IN THE EAST.

A Letter from one who heard His Lecture on Southern California—No Cause for Jealousy on the part of Los Angeles or San Diego.

NEW HAVEN (Conn.), Nov. 20th, 1874.

EDITOR HERALD: It was an unexpected and rich treat to be allowed to listen to Mr. J. A. Johnson's eloquent lecture, and at the same time have the privilege of viewing Professor James' beautiful photographs of Southern California, or in other words the "New Italy." With Mr. Johnson on the stage and Prof. James at the stereopticon, it was difficult to imagine one's self elsewhere but in the sunny climes of semi-tropical California. The sight of the Spanish lady, the lucky possessor of the big grapevine, caused considerable merriment in the audience. Mr. Childs' orange orchard, Col. Rose's grand and beautiful orange avenue, and the views of Los Angeles city are very fine, one of them being particularly noticeable for the fine High School building, which looms up in the foreground. Having been a careful reader of some of the Southern California papers and noticing the jealousy existing regarding Mr. Johnson's lecture I have prepared myself to listen to a lecture principally upon Santa Barbara and surroundings, but to my great surprise I found that he was not so disposed, and of the two think, if I am allowed to be a judge, that he rather slighted Santa Barbara. In conclusion I must say had I not already made up my mind to start for California, the lecture would have immediately instilled into me a desire to do so. The lecture, I trust, will be the means of converting many an obstinate one to a belief in your glorious State, Very respectfully,

FRANK M. WARD.

On Sunday morning in a blacksmith-shop opposite the Corbett House, Carson City, William D. Mason was found dead. He died from intemperance and exposure, alone and uncared for. The deceased was a book-keeper of the State Prison under Singerland, and for two years was Journal Clerk of the Senate. He was between forty and fifty years old.

The first bar of bullion from the Prussian Mill, Jefferson cañon, was shipped to San Francisco from Belmont, on the 25th ultimo. It weighed 92 pounds, and was valued at $1,874 and is 990 fine.

In consequence of the prevalence of scarlet fever among the children the public schools of Carson have been temporarily closed.

CENTINELA
LAND COMPANY.

SIX MILES FROM LOS ANGELES.

The Home of the Orange and the Lemon.

AUCTION SALE
— OF —
TOWN LOTS
— AND —
5, 10, 20 and 40 Acre Farms,

WILL COMMENCE ON

Monday, January 18, '75,

AT 12 O'CLOCK M.,

AND CONTINUE

FIVE DAYS.

The sale will take place on the Rancho. Parties desiring to purchase SHOULD BE ON THE GROUND a few days prior to the sale, in order to EXAMINE THE PROPERTY.

Title,

UNITED STATES PATENT.

Situation.

"Centinela," with the addition of the "Sausal Redondo," contains 25,000 acres. The boundary of the Rancho commences three and a half miles from the city limits of Los Angeles, and extends to the Pacific Ocean.

Topography.

"Centinela" is made up of one broad, level, fertile valley of over twenty thousand acres, and beautiful fertile rolling hills near the ocean.

Soil.

The soil is an exceedingly fertile loam, and is, without exception, the richest and most productive in Southern California. Its vicinity to the ocean insures a crop without irrigation. Excellent wheat has been raised for the last two years upon the hills adjoining the ocean. This wheat field contains 1,000 acres and covers the lightest soil upon the Rancho. There is no alkali or barren land.

Semi-Tropical Fruits.

There are a few bearing orange and lime trees upon the Centinela, and the fruit they produce is of the largest and finest quality. There is an orchard containing 6,000 orange trees three years old, and 1,700 almond, lime and lemon trees. The almond, lime and lemon trees will bear fruit in 1875. The orange trees will bear in five years. There are 7,000 three-year-old orange trees in the nursery near the orchard. Fig, pepper and gum trees grow without irrigation. The entire orchard can be taken care of by three men with six horses. The orchard will be kept undivided by the company to save the expense of each shareholder having a few trees to take care of. Each share will entitle the owner to about 15 trees in the orchard and about the same number in the nursery. The almond, lime and lemon trees will yield an immediate return. In five years each orange tree will produce $20 per annum, or $300 per share for those now planted. There are flowers in the garden in bloom every day in the year.

Sheep.

A flock of about 14,000 sheep will be kept undivided, to save expenses to the shareholders. This will give about thirty sheep to each share. The sheep will produce, in increase and wool, over $2 each yearly, over expenses. They will be grazed upon outlying and unsold lands of the company. The "no fence" law is in force in Los Angeles county.

Climate.

The climate of the Centinela is, without exception, the finest and most equable in the world. It varies but little throughout the year. The mean temperature is about 60 deg. The mercury falls but little below 60 deg. in Winter and rises but little above 60 deg. in Summer. You sleep under one pair of blankets and with your bed-room window open every night in the year.

Agriculture.

The soil of the Centinela is admirably adapted for all kinds of grain, vegetables and fruit.

Water.

The Centinela creek rises upon the rancho and runs through the northern portion of the tract. It affords an abundance of clear spring water. The source of the Centinela creek consists of several natural artesian springs, showing that artesian water can be obtained by boring.

The Town.

A square mile is laid off at an eligible point on the tract, with lots 25x140; avenue 100 feet and streets 80 feet wide.

A stream of water can be brought in so as to supply every lot with crystal, cool, sweet water.

Provision will be made for a College and Farm School.

A large lot will be set apart for each religious denomination. A block will also be given for the erection of a large hall by the different Fraternal, Grange and Temperance Societies.

Fare.

Parties desiring to visit the land should take steamer from San Francisco to Los Angeles; fare, $12. By inquiring at Temple & Workman's Bank, in Los Angeles, they will be directed to the Rancho.

Apply to

Wm. H. MARTIN,

General Agent California Immigrant Union, 534 California street, San Francisco, bet. Montgomery streets; to

TEMPLE & WORKMAN, Bankers, or Gen. SHIELDS, Los Angeles; or

O. L. ABBOTT, Corresponding Secretary State Grange Immigrant Aid Association, Santa Barbara.

P. S.—A second sale will take place on the Rancho, commencing on MONDAY, the 8th of March, 1875.

Further information will be furnished by the officers and Directors of the Centinela Land Company of Los Angeles, who are:

F. P. F. TEMPLE, President; F. P. HOWARD, Vice-President; J. S. SLAUSON, Los Angeles County Bank, Treasurer; W. H. J. BROOKS, Secretary; J. M. GRIFFITH, of Griffith, Lynch & Co., Los Angeles; General J. M. SHIELDS, Lot Angeles; O. W. CHILDS, Los Angeles; D. FREEMAN, on the Rancho.

de2 W. H. J. BROOKS, Secretary.

ENDORSEMENT OF THE

HON. J. ROSS BROWNE.

SAN FRANCISCO, November 28, 1874.

WM. H. MARTIN, General Agent California Immigrant Union—Dear Sir:—I have just visited the "Centinela and Saucal Redonda" Rancho, and driven over the land described in your advertisement. With all my experience in the southern part of California, I have seen nothing to surpass this tract in fertility of soil, beauty of location, and advantage of easy access and salubrity of climate. For purposes of colonization, I know of no large body of land so near a growing commercial centre, in California or elsewhere, to equal it. No part of it is unavailable for farms, orchards or homesteads. It can be subdivided into lots ranging from five acres to several hunered acres and every acre of it can be made productive. Water is abundant and convenient. The land is subject to easy irrigation; and I can vouch for the fact that it will produce anything that flourishes in Los Angeles or Santa Barbara counties. It is my confident opinion that the value of shares in this magnificent tract will be quadrupled within two years, such is the extraordinary influx of immigration to the vicinity of Los Angeles at the present time.

Wishing you success in your undertaking, I am very truly yours,

J. ROSS BROWNE.
